About us

Dania Academy is one of nine accredited Academies of higher education in Denmark. The Academy offers on-campus full-time, part-time higher education programmes as well as hybrid degrees to over 5000 students. With 8 physical campuses in Denmark and vast experience in offering fully-accredited higher education programmes in Denmark to students from 33 countries, Dania Academy is committed to developing a digital campus through Hybrid Degrees.

Dania Academy prides itself in providing flexible learning formats that will work around a busy schedule in the form of Hybrid Degrees.

Dania Academy is the **only** accredited Scandinavian higher education institution to offer Hybrid Degree programmes.

What is a Hybrid Degree?

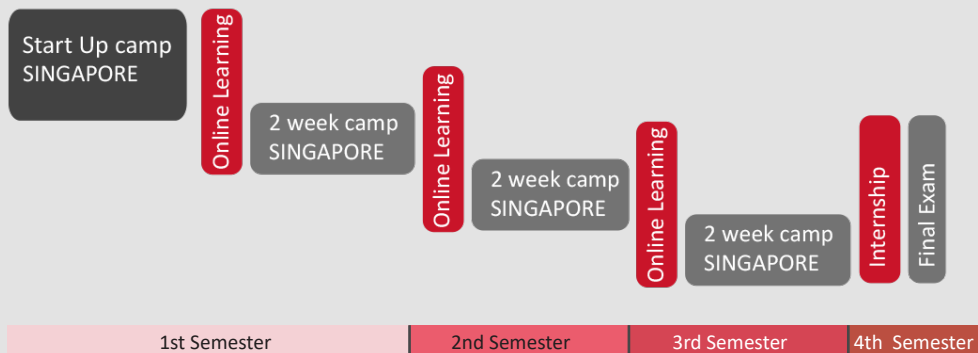

Hybrid Degree programmes offers students the opportunity to combine the best of online and on-campus learning experiences. This type of course will enable them to maintain a healthy work-life balance.

This format allows students to take advantage of the convenience of learning online, while benefiting from the practical hands-on learning of our on-campus classrooms.

The Hybrid Degrees at Dania Academy are designed with a blend of learning techniques, including a 3-month **internship** and four 2-week camps in Singapore.

Hybrid Degree Programme Structure

Marketing Management - Hybrid Degree

By joining the Marketing Management **Hybrid Degree** programme, students will get a high quality and top accredited Scandinavian education. The Marketing Management program is the **ONLY** accredited program outside Scandinavia where students can get a full undergraduate degree. Dania Academy has cooperation agreements with international universities and representatives all over the world.

We focus on student and staff mobility, academic cooperation as well as long-term project research and development.

Dania is a publicly recognised, state-financed institution of higher education, regulated by the Ministry of Higher Education and Science.

As part of the Bologna Process, Dania and all other institutions in the Danish HE sector have implemented the European Standards and Guidelines for the quality assurance of higher educations (ESG) – international quality and relevance

standards that all public higher-education study programs must meet.

Dania holds an Erasmus+ charter and is a member of EAIE, Businet and EuroCHRIE.
